Gated CPA

- I. Observation
- II. Visioning
- III. Planning
- IV. Development
- V. Implementation

- I. Observation
 - Summary: Two raised beds that border the fenced-off CPA
 - Topography: within a raised bed
 - Exposure: full sun
 - Irrigation: N/A?? Must check this out
 - Wind: yes
 - Pests: ehrharta, maybe gopher, children
 - Notes: must be child-proof
 - What's there now: Hebes that I could save and transplant up top

- II. Visioning
 - Soft texture; year-round blooming

- III. Planning
 - Plants on my mind: *Lavandula x intermedia* 'Grosso Blue', *Festuca occidentalis*, *Miscanthus sinensis* (OR *Pennisetum alopecuroides* but nursery doesn't have this), *Salvia nemorosa* (if available), *Heuchera maxima* (OR *Tellima grandiflora*)
 - Maybe a tree? *Melaleuca nesophila* OR *Dodonaea viscosa* OR *Podocarpus salignus*

- IV. Development
 - Sample Drawings

- V. Implementation
 - Remove hebes
 - Measure, determine number of plants needed
 - Plant and stake trees
 - Sheetmulch
 - Maintenance Plan
 - I need to find the irrigation if any, or a nearby QC so i can handwater maybe?

VII. Plants Appendix

- *Melaleuca nesophila*
 - Foliage: small light green, fragrant
 - Inflorescence: pink puffballs
 - Height: 20'
 - Width: 8-12'
 - Sun: full sun
 - Water: low
 - Growth Rate: moderately fast
 - Approximate Bloom Time: spring/summer
